Case Study

Making sure Elton John is 'Still Standing' on his 40th Anniversary Tour

5 UK
Locations

JOB FACTS

Location: Taunton, Blackpool, Falkirk, Chesterfield & Harrogate
Project: 2012 Elton John UK Tour
Size: 51m x 21m Stage
Work Days: 680

As part of his 2012 UK tour celebrating the 40th anniversary of Rocket Man, Elton John was playing 5 outdoor shows including Taunton and Falkirk. NoNonsense provided the 55m x 21m stages including PA wing and video supports.

Two systems were required to meet the tour schedule. Four of the five locations had never hosted a concert of this size before, including Blackpool where the stage was built on the new Blackpool Headland site, home of the Comedy Carpet by Blackpool Tower. It was a concert first for Falkirk Football Club and it was a pleasure to work with the enthusiastic team at this great sporting venue.

It was a wet summer but the crowds came in their thousands and enjoyed hits including Rocket Man, Benny and the Jets and I'm Still Standing.

"I have worked with Steve for more than 25 years and his experience and capability is unrivalled when it comes to designing and delivering challenging staging projects."

Mark Woolliscroft, Production Manager
